Lingerie Lust

I love porn and the freedom it gives readers to write and share their innermost secrets with others. Before I tell you what my secret is, I think I should describe my physical makeup before I go into my mental feelings.

As I sit at my small desk writing to you, I have a pretty blue ribbon in my long blonde hair. My face, as always, is carefully made up and I even have on my false eyelashes. I do not have a dress on, just a pretty brassiere, or actually a half-bra that is lacy and lovely and ebony black with crimson trim. My panties are a perfect match and they're very brief. My garter belt is also black and lacy with tiny red rosebuds on it.

I am also wearing the type of stockings the showgirls of yesteryear wore and now that you can buy them once again, I have loaded up on them. They are black, wide mesh and have a pretty black seam down the backs. My shoes have a 6½" heel and are black patent leather.

Oh, there is just one thing more: I am a man, a married man, and I neglected to mention one other article of clothing I am wearing. I have a flesh-colored mesh harness that holds my big dick in place so it does not stick out and ruin the pretty effect of my lingerie. It holds my cock tight around my thigh and it is a masterpiece of sewing and design. My wife Claire made it for me because every time I put on those sheer panties, I get rock-hard and my balls swell too. So this sling, if that is what you call it, holds my sexual parts tight to my body in between my legs.

The first time I tried on lingerie was

when I read about a guy visiting a foreign country that wasn't able to buy shorts. But he found women's panties easy to purchase so he bought several pair and reported that they were more than comfortable.

One evening Claire and I were in bed, kissing and frigging each other. When I mentioned what I was thinking to her she suggested I try on a pair of her panties to see how that looked. I certainly was funny. She slipped her peach-colored panties up my legs and when she got to my cock, which was quite hard by that time, she tried to pull them on me.

"Raise your ass," she directed. Then she got them over my ass but it was difficult to get them over the bulge of my steely fuck-stick.

"I ought to cut this thing off," she joked, forcing the material over it.

"Why not suck it off?" I kidded right back.

Claire finally pulled the material up but when my prick became enclosed in the soft satin nest it got harder than I ever recalled.

"You have the biggest fucking hard-on I ever saw," my pretty wife marveled as she patted my bulge through the panties. "It looks beautiful!" she smiled as she rubbed it and began to tongue my mouth. After some

deep kissing, Claire pulled my pecker out through the leg of the panties and began to kiss it.

My wife is an awesome cocksucker and it wasn't long before she had me so hot I was trembling to put it into her pussy. After I fucked her for a while, we both came and she said it was great for her. I told her she was the most terrific piece of ass in the world.

But we both never forgot how hard I had been and the next time we fucked around I put the panties on again. Only this time she said she had a surprise for me: she gave me a padded brassiere she had made out of one of hers. Then she asked me to get up and let her see how I looked.

"You look amazing!" she exclaimed as she put her blonde wig on me. She finished making up my face with rouge and lipstick, then stuck on false eyelashes. I felt rather silly but when I looked in the mirror I had to admit I looked kind of pretty. There was only one thing; my huge cock. It stuck out and pushed the material of the panties way out.

Claire sucked it off and when it was soft (only for a few minutes), I looked better. Then she measured my big loaded balls and cock and made me a sling out of a light fleshy-colored material. After she tied it around my leg (inside) I looked better, and I felt better because my dick, being bound up, began to get as hard as it did once when I tried cock rings. I really had a raging hard-on, but no one would ever know it.

Generally I can hold my cum but just when Claire released my prick, it bounced once or twice and then shot a huge load straight at my wife's face. She had sticky cum in her eyebrows, lashes, hair, all over her big, soft mouth and some was running off her dimpled chin in strings. She looked adorable and I was hard again in a few minutes as she played with and sucked my balls; and it wasn't long

until I was jamming my dick up her slippery pussy.

A week later, she surprised me with a garter belt and a tampon. When I asked what the hell the tampon was for, she laughed and had me turn around and spread my cheeks. Then she pushed it way up and said, "This will make you feel more like a female. You'll see, honey!"

So now here I am, all dressed up with a painful hard-on and balls that are swollen and sore. Claire had to work today and I was hot and decided to write to you and tell you all about our fun.

Pretty soon I will pull out the tampon, and then slip my pretty peach-colored panties off. Then I will stand in front of a mirror in my garter belt, high heels and filmy brassiere and release my big horny cock. Then I will look at my lipsticked mouth, lovely blonde hair and my high heels and get as hard as cement as I begin to whack off.

I love to spread my legs and half-crouch as I pull on my cock. I always say Claire's name as I jerk off. "Come on, you pussy. Claire, you fuck. Get off... get off, you motherfucker!" Then I shoot my superload.

Sometime I would like to go in the street

40+: *Yeah. A lot of people saw the issue, so I thought it would be fun to tell them about it.*

Kendra: Well, I'm the dorm mother at a college and I walk in on Ariana (Grand) and Whitney (Westgate) making out on a bed. I kinda scold them, but they talk me into getting it on with them. I mean, how can I possibly resist?

40+: *Obviously, you can't.*

Kendra: No I can't! And within minutes they've pulled my dress down and each one was licking and sucking my nipples. That felt soooo good. Shortly thereafter, my dress was off and they were naked. We were licking every hole around.

with Claire in my dress and underthings. I bet it would be a thrill to go to the movies with my wife and lift my skirt up while she jerks my cock off.

I'm a lucky guy to have such a wonderful wife as Claire. She knows what I enjoy and says as long as I like it, do it. An old-fashioned girl, she simply gets her kicks from a good frigging and then a pounding fuck. Once in a while, when she is really horny, she asks me to lick the rim of her asshole, but that's all. I guess we have the happiest marriage of anyone. Don't you think so?

— Chuck T., Pasadena, CA

My Darling Angel

My daughter had a friend who came to stay with us one summer. Even when she was younger, Angel was a beautiful young woman with long blonde hair and pretty brown, bedroom eyes. She had lovely little titties and her shaved pussy was an eyeful.

Angel had been with us for a while and I couldn't help but notice just how beautiful she really was up. One day, when my daughter went out to do some shopping, I was sitting around reading. I could not help but see Angel across from me. She had all of her hand going into her pussy. I had a real hard-on. Wow.

What was a man to do when faced with something like that? Well, I asked her if I could play with pussy and told her he could play with my rod.

"I'd like that," she said, crawling up on my lap. She opened my fly, taking out my hard cock. "Oh, my. You've got quite the hard-on. I love it!"

"I love that you have all that skin on it," she said. I was never circumcised like the rest of the guys I know because I was born at home. I love my dick just the way it is. With that she bent over, taking it all in her

hungry mouth.

I had never had a blowjob like this. Angel sure knew what to do with a hard cock. Someone must have taught her real good. I'll say this; whoever did sure did teach her well. She kept swallowing; her tongue seemed to go to the full length of my dick as she was getting it even harder than it had been in a long time.

Putting my hand on her wet, hairless pussy, I realized why she was playing with herself. She was actually getting herself off! I loved it.

We did that for a while and then I asked her if she wanted to quit. She just said, "No way. I'm happy working on this hard cock."

After a while more, I decided we had better quit. I was worried my daughter might catch us so I told her we would do it again as soon as possible.

Every afternoon I lay down for a nap and now, and when no one's around Angel will come into the bedroom. She will take my cock in her mouth, sucking it till she gets my scalding cum to shoot. I've never forced her to do anything or come into her room. She does it because she loves it. And so do I.

— Name and Address Withheld By Request

Then, they put me on my knees and one was still sucking my boobs and the other was licking my buttocks. It was bliss.

40+: *I bet! You looked like you were in wet pussy heaven.*

Kendra: I sure was! After about an hour, we all came, almost together. After the shoot, one of the girls came home with me... but I can't tell you which one it was!

JAN

Jan doesn't seem too embarrassed that her best girlfriend is filming her, because she doesn't even try and hide her sexy body. She starts off by teasing the camera and asking her BFF if she likes what she sees. The camera follows her writhing around the whole bed as she strips, pouts and completes her mission with a big dildo in her pussy.

Hard Times

A tale of how unemployment made a horny wife rich!

Like thousands of others during the pandemic, I got laid off at work.

I had been a cook at a fast-food joint for six long years, just after Bernie and I got married. I'd flipped more greasy burgers than you could imagine. And what was my reward for being a slave to the grill all that time? I was dumped; forced to turn in that stupid little paper hat.

While the idea of never looking at another burger didn't faze me in the least, I was very worried about the prospect of getting no paycheck. Bernie alone didn't make enough to cover all of our bills, and my measly unemployment check wasn't much help. After I got laid off, all I could do was sit around the house and fantasize about getting laid. Sex helped keep my mind off the financial problems. I'd sometimes watch the soaps on cable (for which the payments were falling behind) all day long.

By the time Bernie got home from a hard day at the plastics factory, I was horny as hell. I'd be ripping his pants off the second he walked in the door. Unlike me, poor Bernie was still expending most of his energy at work. While he tried to please me, it just wasn't possible. He'd fuck me once and be ready to sleep while I was barely getting warmed up and wanting to fuck all night long.

Well, it got crazier and crazier. I craved cock all day long as I sat around the house, wishing I had a job. I'd spend my afternoons watching TV until my clit was ticking like a quartz watch. I would masturbate for hours, sometimes having six or seven orgasms that would register on the earthquake scale, and still I remained horny.

My masturbation went through a number of stages, starting with my fingers of course, and working through a succession of phallic objects which pretty much included almost everything. One afternoon, after I'd been watching TV, my cunt was literally dripping; the juices running down my leg. I was hot as hell. I decided it was time for some serious relief, so I went into the bedroom and took out my dildo.

After slathering it with a generous portion of lube, I lay down in front of the TV, stuck my legs up in the air like a Thanksgiving turkey, and eased that big plastic dick between my labia and deep inside me. I pushed it in as far as it would go. It felt like it was going to split me open and I loved it. In and out, in and out, in and out. It was ecstasy as I felt the bumps on the dildo sliding coarsely over my clit.

It was while I was riding my dildo to heaven like this that my husband came home unexpectedly and caught me with my pants down—in

fact, with my pants off—and a big sex toy vegetable stuck up my snatch.

“Jeez!” he stared, awe-struck at the writhing spectacle on the rug which I had become in my crazed lust. I was too far into my frenzy to stop. I gave the big toy the few final plunges necessary to make me come and shuddered with my release. When I regained my senses and realized that Bernie had just witnessed my lust-filled act, I was afraid he might get angry. But instead, it turned him on. I’d barely popped the dildo from my pussy when Bernie was on top of me, replacing it with his hard cock. He humped me wildly, more aroused than I’d ever seen him. His massive meat carried me again to the chasm of orgasm, and then exploded like a bomb inside me.

After we both lay there exhausted for a few minutes, he rolled off me and picked up the squishy toy. “I have nothing against your masturbating,” he said as he eyed it. “But you can really do a lot better than this sad thing.

“I’ve actually used it quite a bit in the past couple of days,” I admitted. “Guess I should try to order a new one.”

“Don’t bother with that,” he said. I’ll have plenty of time to give you something better. I got laid off at the factory today. That’s why I’m home early,” he said grimly. Well, now we were up shit’s creek without a paddle. Both of our unemployment checks together weren’t enough to pay the rent, much less our bills.

Bernie got more and more depressed while

I just got homier and hornier. He spent most of his time puttering in the garage, while I watched some TV. One afternoon I was diddling myself while watching some sexy dude on the tube, when Bernie came in from the garage carrying a present.

“I ripped some molding material and different types of plastic off from the factory on my last day of work. I formed this from my own dick. I figured it might keep you happy.” He grinned and handed me a big dildo shaped perfectly like a cock. It was made out of a soft yet firm plastic that felt lifelike too. He enjoyed watching me try it out so much that I ended up sucking his real cock as the copy reamed my cunt. Since we both had loads of time on our hands, we started to get into this dildo kink. Bernie loved to watch me fuck myself silly with a latex penis. It turned him on so much that he always ended up fucking the shit out of me himself.

Bernie started designing dildos in a variety of sizes and shapes. One of my favorites was the double-dong special, with which I could fuck myself in the cunt and butt simultaneously. Bernie made long dongs, porky pricks, short sticks, twisted ticklers, and every other kind of bizarre dildo imaginable. We soon had quite a collection. They became so much a part of our daily landscape that I forget to put them away one day when my friend Julie was bringing a bunch of girls over.

Julie had been working at phone company, and one of the 300 people laid off there in June. But Julie was an operator in more ways than one. Unemployment hadn’t kept her down. Shortly after getting the ax, she started hustling those plastic refrigerator dishes, giving parties at all her friends’ houses to get people to buy. I’d let her talk me into having one that afternoon. Bernie vowed to stay busy in his garage workshop, perfecting his latest phallic production. Well, Julie showed up with five other girls, all young wives like me. I recognized a couple as neighbors, but the others were unfamiliar to me. It would be nice to make some new friends, I thought, not realizing the full truth of my idea.

“You know Sheri and Susan, now meet Janis, Cathy, and Ginger.” Julie introduced us as they came in. They were all good looking, and I realized the seven of us looked like an aging squad of cheerleaders. Ginger walked right over and picked up one of the dildos off the shelf. “I

bet this can take care of a lot for a girl,” she snickered as she fingered the plastic dong.

Before long we were all standing around the collection of latex cocks, talking freely about sex and what turned us on. Soon, Sheri and Ginger were on the couch with their skirts hiked up to the waist, trying out a couple of the heftier dildos in their hungry holes. Both girls rocked back and forth, maneuvering the dildos with one of their hands as they pinched their nipples with the other. Both held their eyes shut, grunting sensuously with each plunge they took. It was quite a sight, the two beauties rocking back and forth as they diddled themselves.

Next, Julie pulled off the jogging shorts she was wearing and got down on her hands and knees. She wiggled her ass lewdly as she begged Susan to try the double dong on her. Obliging, Sue plunged the double-barreled dildo into Julie’s succulent snatch and tight ass. The fulfilled girl began to hump instinctively to some unheard music, delighting her orifices as she writhed in her demented dance; Janis and Cathy then both looked at me. “Guess we might as well join the fun.” I told them as I stripped, and they followed my example.

When the three of us were completely naked, we each picked a dildo off the shelf. Cathy squatted on her haunches and lowered her pelvis slowly onto the dildo as it disappeared into her cunt. Then she began to ride it like a jockey, going faster and faster until she was bucking up and down on the big dildo like a rodeo rider. I have to admit, this wild scene turned me on something fierce. As I watched the five horny girls squirming like a pit of snakes, my nipples contracted into tight throbbing knots and my pussy began to slobber like a rabid dog. I was so aroused I couldn’t stand it. Janis was also consumed with lust, and her eyes turned toward me.

“Let’s do each other,” she said, and I quickly agreed. She lay down the floor, and I straddled her chest on my hands and knees. I could feel her firm tits lightly against my thighs. We were in a 69 position as we each started to fuck the other with the big plastic dicks.

Janis’s cunt was tight and juicy, with a light fringe of blonde pubic hair surrounding it. She gave a shrill groan each time I moved the dildo

back and forth. Meanwhile, I felt the familiar pleasure of another plastic dong working my own sloppy pussy toward an earth-shaking climax. My pelvis started to jerk spasmodically as I came nearer and nearer to my orgasm. Then, as all seven of us were about to come like animals in heat, the door sprang open.

“Holy shit!” yelled Bernie as he surveyed the scene. His hand unconsciously slipped down to unbutton his pants. He then popped his cock out and began stroke it. When the girls looked up to see this, it seemed to push us over the edge, and within seconds we were all shuddering in orgasmic release. After the other girls had left, Julie and I were sitting around the kitchen having some coffee. “You never did get to show your refrigerator dish,” I told her.

“Oh well, I’m sick of selling that shit.” She then picked up a dildo which had been left on the table. “I bet I could sell plenty of babies. They’re really a girl’s best friend, you know...”

That’s how the idea was born. Bernie set up a regular little factory in the garage, which has been growing ever since. He now produces over a hundred dildos a day. Julie gave up the refrigerator-container business and became our sales manager. She’s organized hundreds of women over an eight-state area who throw parties to sell our goods. Our income is three times what it was when we were both working, and it’s still growing.

The future is looking brighter, thanks to our plastic fiends.

As I watched the five horny girls squirming like a pit of snakes, my nipples contracted into tight throbbing knots and my pussy began to slobber like a rabid dog.

Smokie talked Anna into a surprise for her and her husband. For a birthday treat, they both dressed in sexy lingerie and welcomed him home. He came in and they asked if he wanted to fuck both of them? They both didn't give up their pussies at first because they were too busy on his cock. But after a while they began to enjoy it when they got their pussies and assholes hammered. They said if he was good they'd do this again.
